Reports of members:

Rachel mentioned that she had contacted Huntington Legislator Steve Stern's office about the sidewalks on Commack rd being muddy, leafy and unusable. He inspected and is to request Suffolk County Department public works to do the job although there is a also a work crew available from the county prison work release system.

Legislator Stern is to meet with CCA on 10/30 at 4pm at Northridge school regarding Townline Rd.

Adele Flicker, Rochelle DeMayo and Bruce Ettenberg attended the town meeting on the proposed Hess gas station. It was a long 1.5 hr meeting and the residents were outtalked by Town and Hess officials almost like a political filibuster.

Scheduled speaker – Legislator Stern was unable to attend.
